**TIRE RECAPPING CONTRACT**  
**Bidder's Instructions/Specifications**

1. **CONTRACT PERIOD**

- 1.1 This contract is for a three (3) year period subject to annual renewals provided all terms, conditions and prices remain unchanged and the vendor is in agreement. Costs shall remain firm for the contract period. The City reserves the right to re-bid at the end of any one year period or to extend the contract for additional years.

2. **BID AWARD**

- 2.1 Bids will be awarded on a total basis to the one company who submits the most responsive bid with the lowest unit prices on the largest majority of the tire sizes recapped based on past history. Tires are listed on price sheet in descending order of usage in the past twelve (12) months. Approximate number of tires recapped in the past twelve (12) months is listed for each size tire along with the acceptable tread design.
- 2.2 The City reserves the right to choose the bid that will be in the City's best interest. Tread depth compliance and vendor past performance will also be a consideration.
- 2.3 Should one vendor be unable to supply all the sizes required, the City shall choose another source for those items.

3. **DELIVERY AND PICK-UP**

- 3.1 Tire casings to be recapped shall be picked up at City Garage each Tuesday and new recapped tires to be delivered the following Tuesday.
- 3.2 This service shall be provided at no additional charge.

4. **WARRANTY**

- 4.1 All retreaded tires shall be guaranteed against defects in material and workmanship for the tread life of the tire.
- 4.2 Tread life shall mean the period of wear between the original tread depth and when the remaining tread design depth measures 2/32-inch. Tread depth shall be determined by measurements taken at six points within each tire groove and spaced around the circumference of the tire and the results averaged.
- 4.3 If a tire is found to be defective in material or workmanship, such tire shall be retread again at the contract schedule cost, prorated on the remaining tread depth in excess of 2-32 inch. Should a defective condition develop in the tire body or carcass which prevents retreading again, an allowance based on the schedule contract cost prorated on the remaining tread depth in excess of 2-32 inch, shall be given to the City. The allowance shall be in the form of a credit toward future orders for retreading service during the contract period.
- 4.4 The term contract schedule cost as used herein shall mean the net cost available to the City of Johnson City at the time of warranty adjustment whether or not the vendor holds the current contract at the time.

- 4.5 Adjustments and allowances under this warranty clause will be based on the tread depth of the mold used for retreading, minus 2/32 inch (base figure). Adjustments will be calculated by subtracting from this base figure the measured tread depth loss and determining the ratio of this resultant figure to the base figure. This ratio, reduced to a percentage, shall be applied to the cost of the retreading service of the tire and the resultant amount will be the appropriate adjustment allowance.

**Example:** Original tread depth (14/32") minus (2/32") equal base figure (12/32") minus tread loss (6/32") equal remaining tread depth (6/32") or 50% of the base figure. Cost of retreading service (\$14.00) minus 50% equals appropriate allowance (\$7.00).

5. CAP IDENTIFICATION

All retreads shall be identified by the vendor's DOT number.

6. RE-TREAD PROCESS

- 6.1 Tires must be re-tread using the following pre-approved processes: Michelin Pre-Mold Process, Marangoni Ringtread Process, Oliver Mold Core Process, Bandag Process, Goodyear Precure & Mold Cure Processes or pre-approved equal.
- 6.2 ***Alternate process pre-approval is required.*** If offering a process other than those listed above contact Mike Brown no later than 5 days prior to bid opening date to arrange for evaluation and consideration. Vendor will be required to provide samples, test data and specifications. All bidders will be notified of any additional approved processes.
- 6.3 The City reserves the right to secure random material samples and submit to recognized laboratories for specification compliance.
- 6.4 Failure to meet material specifications could result in suppliers loss of contract.
- 6.5 All tire casings to be repaired a maximum of: two bead repairs; two pin holes in side wall repairs; and four tread surface repairs, unless requested otherwise by City tire technicians.

7. REJECTED TIRES

All tires rejected as being unsuitable for recapping will remain the property of the City and must be returned to the Motor Transport Department for disposal.

1. The City of Johnson City shall not answer to any contracting party for the furnishing of public records to a person requesting such in accordance with Tennessee law.
2. The City, while it may designate in writing a representative on a particular project, shall only be bound by a majority vote of the Board of Commissioners or by the limited authority delegated to the City Manager pursuant to City Ordinance. No personal representative of the City assigned to a particular project may bind it in excess of the dollar amounts granted to the City Manager by Ordinance, and no personal representative assigned to a particular project may bind the City for an amount equal to or less than the dollar amounts granted to the City Manager by Ordinance without the City Manager's approval.
3. The City shall not in any event waive any claims for damages including but not limited to consequential damages in any contract for any reason or purpose.
4. No decision of an architect, engineer, or personal representative of the City shall be final and binding on the City, unless the City so agrees in any dispute with any party including but not limited to an architect, a contractor, a subcontractor, an engineer, etc. If the City agrees to be bound pertaining to a dispute, then the monetary limits contained in the City's ordinances regarding the authority of the City Manager shall prevail, and any amounts exceeding the authority of the City Manager shall be referred to the Board of Commissioners for their consideration.
5. Should a party or entity contracting with the City or acting as a subcontractor or subsubcontractor file a lien against any property, real, personal, or mixed, owned by the City, then that party or entity shall take immediate steps at its own cost and expense to remove said lien, or the City shall take such steps as it deems necessary and hold the other party or entity liable for any costs and attorneys' fees associated with the lifting of said lien.
7. The City shall exercise its sole discretion before agreeing to any assignments of any contracts or subcontracts regarding any project in which the City is involved. No contract with the City shall be assignable without the City's sole, discretionary, absolute consent.

9. The City shall not waive any claims it has in the making of final payment in any project in which it is involved. The City shall have the right to terminate any agreement to which this document is attached at any time in its sole discretion without cause. In the event the City terminates without cause any agreement to which this document is attached, then in such event the City shall be liable only for the actual work and costs that have accrued at or before the date of the City's termination. In no event shall the City be liable for lost profits, consequential damages or incidental damages in the event it terminates a contract without cause.

11. The City shall not waive the rights of subrogation of its insurers or itself for any purpose whatsoever, and the City shall not cause any such endorsements to be placed on any policies to which it is a party.
12. Unless the City elects otherwise, the City shall not provide any "builders' risk" or an "all-risk" or equivalent policy for any reason whatsoever for any project in which the City has an interest, and the contractor or other such party shall assume this responsibility. That builder's risk policy provided by the contractor or other such interested party shall name the City as an additional insured. The City shall not provide boiler and machinery insurance, but shall require such insurance as applicable, depending on the parameters of whatever project is involved. The cost of boiler and machinery insurance shall be borne by the appropriate contractor, subcontractor, or other interested party. The City shall not insure the interests of any other person or entity, nor shall the City add any other person or entity as an additional insured to any of its policies.

13. The City shall not waive any rights regarding the loss of use of the City's property.
14. As to acts or failures to act or any causes of action by any party to a contract, whether that party be the architect, owner, contractor, City, etc., a cause of action shall accrue according to Tennessee law. No contract provision shall shorten the statutes of limitations, statutes of repose, or the accrual of any causes of action which the City might have against another party or entity. No contract provision shall waive any warranties, express or implied, nor shall any contract limit the standard of care for any particular service or undertaking to that of the locality where those services or undertakings are performed.
15. Any interest to be paid by the City of Johnson City for late payments shall be at the rate of interest at which the City pays on its most recently issued bonds.
16. The City reserves to itself the right to approve the use of any tests, including but not limited to any borings, test pits, geotechnical work, environmental tests, and the like in its own sole discretion. All design professionals, consultants, subcontractors, or the like shall be duly licensed in the State of Tennessee, if licensure in the State of Tennessee is required for the work to be performed by such design professional, consultants, or subcontractors.
17. Notwithstanding any applicable choice of law or conflict of law provisions or decisions, the law of the State of Tennessee shall govern all contracts to which this document is attached.
18. The City of Johnson City shall not provide any legal advice, legal services, surveys, or procure the same for any other party.
19. Upon payment for services as rendered, all design documents and all instruments of service created by design professionals, including but not limited to architects, landscape architects, engineers, etc., shall become the property of the City of Johnson City, Tennessee. The City of Johnson City shall be allowed to use all design documents and instruments of service, **including** but not limited to bid drawings, shop drawings, reports, specifications, cost estimates, schematic designs, construction designs, and the like for future additions or alterations to the current project or for use in other projects. Any use of the aforementioned designs and construction documents shall be at the City's sole risk and without liability to the design professional. The design professional's name and seal will be removed from all such design documents prior to the City's use thereof.
20. No person or entity shall respond to a request for bid or request for proposal with any terms or conditions that might change, alter, amend, or differ with the specifications, terms, or conditions originally provided by the City in its initial request for bids or proposals.
